Highlights

Learn about light

Color temperature: light can have different color temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, more tranquil light, while those with a higher Kelvin value produce a cool, more energizing light. CRI: the color rendering index (CRI) is used to describe the effect of a light source on color appearance. Natural sunlight has a CRI of 100. The CRI of Philips LED light bulbs is always higher than 80, which ensures colors are shown as true and natural.

Sparkling effect

With its clear, elegant design and innovative LED technology, this decorative bulb produces a warm, sparkling light effect, adding a touch of tranquility to your home atmosphere.

Vintage style, modern LED

LED Classic bulbs are based on standard LED energy-saving technology. Now you can enjoy a retro-style bulb with state-of-the-art technology combined with vintage design.

WarmGlow dimming

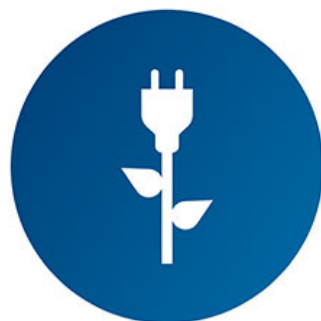

With this dimmable bulb, you can dim from a 2200k warm light to a 2700K light. The more you dim, the warmer the light.

15,000-hour rated average life

With a lifetime of up to 15,000 hours, you can reduce the hassle of frequently replacing your light bulbs, and enjoy a perfect lighting solution for over 15 years.

Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore

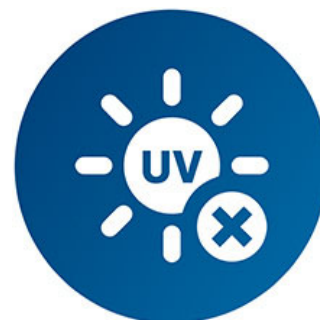

pays for itself and saves you money year after year. It also helps protect the environment.

Perfect for general lighting

Contemporary lighting with Philips LED standard bulbs for use in table lamps, floor lamps, and pendant fixtures. Ideal for use in kitchens, kitchen island lighting, living rooms and dining rooms.

No UV or IR

The light has no infra-red component, so no heat is radiated. Also, there is no ultra-violet component in this light. These two characteristics mean that this light will not cause fabric and other items to fade.

Specifications

Bulb characteristics

- Shape: Bulb
- Cap/fitting: E27
- Dimmable
- Voltage: 220 - 240 V
- Wattage: 5.5
- Wattage equivalent: 40

Power consumption

- Energy efficiency label: A+
- Power consumption per 1000h: 6 kW h

Light characteristics

- Light output: 470 lumen
- Color: Warm White, From warm to extra warm white
- Color temperature: 2200-2700 K
- Light effect/finish: Warm Glow
- Color rendering index (CRI): 80
- Starting time: <0.5 s
- Warm-up time to 60% light: Instant full light

Durability

- Lifetime of lamp: 15000 hour(s)
- Number of switch cycles: 20000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 15 year(s)

Bulb dimensions

- Height: 104 mm
- Width: 60 mm

Other characteristics

- Range: WarmGlow
- Mercury content: 0 mg
- Power factor: 0.7
- Lamp current: 24 mA

Rated values

- Rated power: 5.5 W
- Rated luminous flux: 470 lumen
- Rated lifetime: 15000 hour(s)
